## W. R. HEARST.

### AN AMERICAN PAPER FOR THE AMERICAN PEOPLE.

### What Expansion Did for Democracy.

The Journal has frequently dwelt upon the devotion of the Demo- submit to and perpetuate such a system." cratic party to the idea of national expansion in the days of its glorious party honors such leaders as Hanna and Quay past. The Democracy did a great deal for expansion, but it ought to in- and corruptly carries a national election with terest the "practical politicians" of to-day to recall what expansion did fing a precinct ballot box, the alleged astonfor the Democracy.

From the time when Jefferson turned the United States into a continental power until the disruption of the Democratic organization in 1860, the party that Jefferson founded always stood consistently for national progress. It never missed a chance of advancing the flag. It bought Louisiana and Florida, anne xed Texas, conquered California and the great plateau region of the Southwest, occupied Oregon and Washington, tried has suggested to the Board of City Magisto secure British Columbia and made overtures for the purchase of Cuba. language that "justice is free" be posted out-

The result was that the people stood by the Democracy as they have side of all court buildings. stood by no other party in this or any other country during the present duce a bill in the Legislature next month that century. In sixty years the Democratic party lost only two Presidential will give the poor man the right to have his elections. Jefferson, who had beaten Adams in 1800 by only eight electings in judgments under \$25. toral votes out of 138, received 162 votes at the next election, against There are other abuses to be corrected. It is an outrage to apply the term pauper to 14 for his Federalist opponent.

But for Democratic quarrels and the folly of secession, the party issued in their behalf. The marshals should be salaried officials, responsible to the courts. might have remained in power to this day. It was still largely in the ma- Their fees are exorbitant. The shysters that jority when Lincoln was elected.

When the Democratic party was national it was popular and power- be an end to worthless paper judgments, the ful. When it became unnational it wandered in the wilderness. It cost of which is often greater than the origwill continue to wander there until it has thrown off the evil habits of The Evening Journal will continue this good thought engendered by a generation of opposition and has learned again fight until it is won. to be what Jefferson taught it to be-bold, progressive, constructive and American.

Under Jefferson, Madison and Monroe, the Democratic party, as the national party, became the nation itself. The Federalist party, which set itself in opposition to national growth, and whose leaders declared that Company of the claim that the Journal's Gerthe acquisition of Louisiana would justify a dissolution of the Union, ab- man edition, Das Morgen-Journal, had a solutely disappeared. When the time came for Monroe's second election larger circulation than any other German paper in New York. To test this statement, opposition to Democracy had ceased to exist. Monroe received every the advertising manager of the Siegel-Cooper electoral vote but one, and he would have had that had not an elector covered the entire city, including every newsin New Hampshire resolved that no man should deprive Washington of stand, and learned just how many copies of the honor of being the only President ever elected unanimously.

Twenty States, four Territories and the Monroe doctrine owe their Morgen-Journal had told the exact truth. existence to Democratic Americanism. It is splendid service that the ing else. Every statement made by any de-Democracy has rendered in its time to the progress of our Republic, partment of the Journal may be absolutely and nobly have the American people requited it. And when the Demo- relied upon. The experience of the Siegelcratic party of to-day returns to Jeffersonian principles the people will be maker Library Club, whose thorough adverready to give it the same generous recognition they gave to the party of vertising medium, followed in order by the Jefferson.

Individual leaders of the Democracy should note especially what happened to Thomas Jefferson after he had established himself as the States is freed from one danger. For the next Even at the Metropolitan Opera House on Nibelundry and gilded retreats of more earthly opera. and beards, but nobody objected. The Castle nineteen years Mr. W. A. E. Moore will not be gen nights the Rhine maldens always strike me as The chorus maldens trotted about beneath the Square Company has certainly managed to conforemost annexationist in history.

He was made President after being once defeated. When first elected a position to appoint anybody. his victory was of the slimmest.

In his first term his only record was his expansion record. He added Louisiana to his country, and dire vengeance was threatened by the Phil A. Conne, advertising manager of the Siegel-Small Americans of his day.

His course was to be an excuse for secession; all sorts of evil was to lisher of Das Morgen-Journal, the German edi-pearing in Luriline." follow it.

On his expansion record exclusively he was renominated and re-elected amid wildest enthusiasm, the vote for him in more favored. Thereupon I inquired of him what the Electoral College was 162 to 14—practically a unanimous the Electoral College was 162 to 14—practically a unanimous the Electoral College was 163 to 14—practically a unanimous.

\*\*Vote—and the Federalist party went out of business.\*\*

The lesson in this for ambitious statesmen who model their careers on Jefferson's should be moderately clear.

The lesson's should be moderately clear.

The lesson amid wildest enthusiasm, the vote for him in ferior circulation were being relatively much ferior circulation were being relatively much castle and seaweed. The trained chorus girl—and the diences as Wallace's other opera, "Maritana," the banquet hall of his own castle his gallant ferior circulation were being relatively much castle and seaweed. The trained chorus girl—and the diences as Wallace's other opera, "Maritana," the banquet hall of his own castle his gallant ferior circulation were being relatively much castle and seaweed. Thereupon I inquired of him what which calls for no Rhenish castle and seaweed. The trained chorus girl—and the diences as Wallace's other opera, "Maritana," the banquet hall of him what ferior circulation were being relatively much castle and seaweed. The trained chorus girl—and the diences as Wallace's other opera, "Maritana," the banquet hall of him what fertined chorus girl—and the Castle Square girls are wonderfully trained—which calls for no Rhenish castle and seaweed. The trained chorus girl—and the diences as Wallace's other relation where the lamped to the trained chorus girl—and the dences as Wallace's other opera, "Maritana," the banguet hall of him what the calls for no Rhenish castle and seaweed. It is, therefore, rather interating to watch Wall which calls for no Rhenish castle and seaweed. It is, therefore, rather interating to watch Wall which calls for no Rhenish castle and seaweed in the castle some favored to
